

2023

**KAFP**  
**ANNUAL**  
**MEETING**  
**PROGRAM**

Holiday Inn  
University Plaza  
Bowling Green, KY

## **GREETINGS EVERYONE!**

Welcome to the 2023 KAFP Annual Meeting! We are so excited to have you with us for another fantastic meeting. Hopefully you have all had a great year out in practice and we are looking forward to catching up with you – the KAFP thrives on the ideas and energy of our members.

We have a great meeting put together for you including: a KSA focusing on the care of the elderly population, PI Training Session to investigate diabetes care in your practice, DOT Training, lectures on obesity, geriatric falls, and cognitive assessment. We've included the resident and medical student workshop – last year it was a big hit and generated great discussion. After each annual meeting we review your comments carefully so please make sure to leave evaluations and suggestions for us. As the result of such suggestions, we've scheduled a Town Hall session for you which will facilitate information regarding KAFP functions, discussion, and any questions you may have.

I have truly enjoyed being your KAFP President this year. I've learned so much and look forward to sharing ideas during our time together over these next couple of days. I invite you to sit with your colleagues, hear their stories, learn from each other. This meeting is so much more than a learning opportunity – it is time to take a pause in your busy practice lives and refresh your minds. We are so lucky to have a community that allows us these opportunities. With this I invite you to sit back, pause, learn, and visit with your colleagues. The KAFP is yours – we are so thrilled you are here!

Blessings,

Monica K Sullivan MD, FAFAP – Your 2022-2023 KAFP President

**PROGRAM GOALS:** Those attending this program will receive current information on a diversity of medical subjects pertinent to patient care in daily practice. Subject material was chosen based on assessment needs, future trends, and relevance to quality patient care. At the conclusion, attendees will have a working and an applicable understanding of these topics and will be provided a program syllabus posted on the [www.kafp.org](http://www.kafp.org), click on Events/CME, click on 2023 KAFP Annual Meeting. website for future reference. This meeting is an opportunity for physicians, physician assistants, nurse practitioners, faculty, residents, students and other health care professionals to interact academically, professionally and socially.

**This Live Activity, KAFP 72<sup>nd</sup> Annual Meeting, with beginning date of September 15-16, 2023, has been reviewed and is acceptable for the following CME Prescribed Credits by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity:**

**AAFP** This Live activity, has been reviewed and is acceptable for up to **19.75 Prescribed credit(s)** by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**AMA** AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 Credit™ toward the AMA Physician's Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed credit, not as Category 1.

**AAFP Prescribed credit is accepted by the following organizations. Please contact your organization directly about how you should report the credit you have earned.**

- American Osteopathic Association (AOA) Category 2 Credit
- American Academy of Physician Assistants (AAPA)
- National Commission on Certification of Physician Assistants (NCCPA)
- American Nurses Credentialing Center (ANCC)
- American Academy of Nurse Practitioners Certification Board (AANPCB)
- American Association of Medical Assistants (AAMA)
- American Board of Family Medicine (ABFM)
- American Board of Emergency Medicine (ABEM)
- American Board of Preventative Medicine (ABPM)
- American Board of Urology (ABU)

MCI or Alzheimer's Disease a Concern for Your Patients?  
**NOW THERE'S HOPE**

**76%**

OF PATIENTS ON THE  
**RestoreU METHOD**  
HAD THEIR MEMORY  
**IMPROVE OR HOLD STEADY\***

\* Keine, D; Walker, J; Kennedy, B; Sabbagh, M. "Development, application, and results from a precision-medicine platform that personalizes multi-modal treatment plans for mild Alzheimer's disease and at-risk individuals." Current Aging Science, 2018

**RestoreU's Evidence-Based Treatment Utilizes a 3-Stage Process**

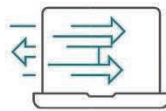

**1**

**Testing**

The process begins with a cognitive screening, collection of PHI, and completed blood draw.

**2**

**Analysis**

uMETHOD's AI analyzes the PHI and blood results, prioritizes the patient's risk factors, and generates a comprehensive care plan.

**3**

**Delivery**

uMETHOD electronically delivers each RestoreU care plan to the doctor for review with their patient.

## **CME REPORTING FORM:**

Please complete, sign and return the white copy of the CME Reporting Form and keep the yellow copy for your records. You may go to the KAFP website at [www.kafp.org](http://www.kafp.org), click on Events/CME, click on 2023 KAFP Annual Meeting to complete an online form. This is your certificate for attending this meeting. KAFP will report your credits to AAFP. Other organizations will be your responsibility. If you have any questions, please contact Janice Hechesky at 1-888-287-9339 or [janice.hechesky@kafp.org](mailto:janice.hechesky@kafp.org).

**SIGN-IN:** All registrants must sign-in to Lectures & KSA Study Group. A sign-in sheet will be placed at the entrance of the lecture hall.

**CONSIDERATION OF OTHERS:** All pagers/beepers/phones be placed in vibrate/silent mode.

**CHARGING STATION IN LECTURE HALL:** Charging outlets will be available throughout lecture hall.

## FACULTY DISCLOSURES

The Kentucky Academy of Family Physicians has a Conflict-of-Interest Policy that requires course faculty to disclose whether or not they have financial interest or affiliations with organizations with a direct or substantial interest in subject matter of their presentations. The following information was received from the course speakers for Physician Contract-the Kentucky Academy of Family Physicians 72<sup>nd</sup> Annual Meeting at the Holiday Inn-University Plaza, Bowling Green, KY. It is not the assumption that any listed financial interests or affiliations will have an adverse impact on the speaker’s presentation; they are noted here to fully inform course participants.

The following speakers have disclosed that neither they, nor any immediate family member, have a significant financial interest in or affiliation with a commercial supporter of the educational activity and/or with the manufacturer(s) of commercial products and/or providers of any commercial services in this educational activity: **Ashley Webb; Monica Sullivan, MD, FAAFP; Asha Sharma, MD, FAAFP; Philip Galapon, MD, FAAFP; Luz Fernandez, MD; John Walker, MD, MBA; Abraham Chyung, MD, PhD; All Moderators**

The following speaker has disclosed that their presentation will include a discussion of off-label use of commercial products or unapproved investigational use: **Luz Fernandez, MD**

The following speakers have disclosed that their presentation will include patient care recommendations: **Monica Sullivan, MD, FAAFP; Abraham Chyung, MD, PhD; John Walker, MD, MBA**

The following speaker has not disclosed at the time of printing of this program:

**None**

# ENJOY **BEEF** as part of your **HEART-HEALTHY DIET**

## SCIENCE SUPPORTS IT!

There are over 20 scientific studies that support the role of lean beef in a heart-healthy diet and lifestyle. For example, the Beef in an Optimal Lean Diet study demonstrated that subjects who ate 4-5.4 ounces of lean beef and followed a DASH-style dietary pattern rich in vegetables, fruits, whole grains, and low-fat dairy were able to maintain normal cholesterol levels. Another clinical trial found that following Mediterranean-style, healthy dietary pattern incorporating lean beef can reduce heart disease risk factors, including total and LDL cholesterol, and blood pressure.

## NUTRIENTS YOU NEED.

Besides being known as a protein powerhouse, lean beef provides 9 essential nutrients, including iron, zinc, and B vitamins, 5 which support good health in many ways, from brain function and immune system support to energy metabolism and bone health.

## BEEF KNOWS HOW TO TAKE A “COMPLEMENT”

Beef is a flavorful, satisfying complement to other foods that make up a heart-healthy diet that includes fruits, vegetables, low fat dairy, and whole grains. Check out our American Heart Association® certified recipes for other delicious and creative ways to combine lean beef varieties with other heart-healthy foods.

# Doctors Agree: ABFM's National Journal Club is Helpful for Improving Practice

The National Journal Club, ABFM's newest self-assessment activity, helps you stay current with medical literature while earning certification credit and CME points at the same time.

Board-certified physicians and residents have unlimited access to relevant peer-reviewed articles via ABFM's National Journal Club. This free online resource is available in your MyABFM Portfolio. Successfully complete 10 article assessments to fulfill the ABFM Knowledge Self-Assessment stage requirement.

Nearly 100 peer-reviewed medical articles are currently available, and the collection is updated twice each year. Log into your MyABFM Portfolio to download the latest articles and start earning certification credit and CME today!

*Physicians report the NJC is user friendly, highly relevant, and likely to improve their practice.*

**Residents & Medical Students Workshop**

Finishing Medical School and finishing Residency are huge accomplishments but also times of change and preparation is needed. We have created a workshop for you to help you prepare and navigate all of this as well as an opportunity to get all your questions answered. You will be well prepared and ready to start your next adventure!

For the **MEDICAL STUDENTS**: ERAS (Electronic Residency Application System), which Residency Programs and how many to apply to, how many and how to get letters of recommendation, and your personal statement construction.

For the **RESIDENTS** graduating and looking for their first job: the job search and what to expect, inpatient/outpatient/er, urgent care, DPC, FQHC. What is a contract and how to start a solid review of it. Ongoing requirements - CME, State Board Requirements, ABFM requirements, credentialing once you find your job, and a discussion panel.

We will distribute a binder with tabs to all that attend to keep track of all this important information.
